

COVID-19 OUTBREAK AT CHSLD (LONG-TERM CARE RESIDENCE) MGR-ROSS DE GASPÉ

GASPÉ, November 14th, 2020 – The management of the Centre intégré de santé et de services sociaux (CISSS) de la Gaspésie wishes to inform population that less than 5 employees and less than 5 residents have received a positive test result for COVID-19. This establishment houses 84 residents and more than 145 employees.

All residents, and the majority of the employees, have been tested. Two managers and a nurse from the Infection Prevention and Control (IPC) SWAT team will accompany and support the staff on site in order to limit the spread of the virus. The IPC measures are strictly followed by the staff and the premises is disinfected regularly by a hygiene and sanitation team.

As with every outbreak, the CISSS de la Gaspésie has set up a crisis unit as well as an outbreak management committee.
