Importance of registration for vaccination outside of the province of Quebec

Gaspé, August 5th, 2021 – The CISSS de la Gaspésie would like to remind people who have been vaccinated outside of the province of Quebec, but are residents of Quebec, that it is important to register their vaccination with the Quebec Vaccination Registry.

In order to register their vaccination in the Quebec registry, one must present oneself at a vaccination center. It is important to have proof of identify and a legible proof of vaccination in order to complete the registration.

If you are in this situation and have any questions, we invite you to call 1-877-725-2515.
